## **PRESS RELEASE**

### **Forum Malta fl-Ewropa continues with the production of Sehemna fl-Ewropa**

*Forum Malta fl-Ewropa* is again this winter schedule, responsible for the production of the radio programme *Sehemna fl-Ewropa*. This year the programme is longer, running on the 45-minute mark. Following the success attained from last season's production, FME has thought of increasing the duration of the programme so as to give its listeners more in-depth interviews on the subjects tackled throughout the series.

*Sehemna fl-Ewropa* is once again offering its listeners an opportunity to learn about funding opportunities available to Maltese citizens, while listening to interviewees relate their own experiences. The programme will also be featuring successful projects following the tapping of EU financial assistance. Current affairs on the EU Agenda that are of national interest will also feature.

*Sehemna fl-Ewropa*, presented by Svetlana Curmi, is being aired on Radio Malta on Thursdays after the 6pm news bulletin, with a repeat on Tuesdays at 10.30pm.

In-depth information on the weekly programme is uploaded regularly on the website of *Forum Malta fl-Ewropa*: [www.forummalta.gov.mt](http://www.forummalta.gov.mt)
